Foreign Ministers Are to Be Escorted to Lien Tsin

BY ROYAL CHINESE TROOPS.

Terms of Mediation Offered by President at China's Request.

THEY ARE ACCEPTABLE TO CHINESE.

Text of the Correspondence Which Has Passed Between the Peking Government and Chief Executive of the United States Relative to Settlement of the Disturbances.

Shanghai, July 24.—Three thousand Russians have arrived at New Chwang, from Port Arthur, and their advance is blocked by 10,000 Chinese troops near there. Fighting is imminent. The Chinese will bar further progress.

Washington, July 24.—The department of state made public the Chinese appeal for mediation and the president's reply. Minister Wu brought to the department the identical telegram sent out by Sheng to the powers repeating the Chinese statement of the safety of the legation up to the 18th instant, and finally, Special Commissioner Rockhill returned to Washington and began to prepare for his journey to China. Such were the developments of the morning, so far as China was concerned.

The Chinese appeal is unquestionably an adroit production. The president's answer is equally clever and more sincere; that is the opinion of officials here who have carefully studied both. The president has succeeded in asking for conditions precedent to mediation quite as valuable as those laid down in Europe, yet, he has so tempered his requirements as to make them acceptable to the Chinese government. At the same time there is nothing in the note to which the European chancelleries can object, openly, at least. The president expressly states that his mediation is subject to the approval of the powers; he will not attempt to force it upon Europe. And the Chinese government must produce the ministers in safety.

Minister Wu declares that his government will meet that obligation in proof of which he produced Sheng's telegram, in which he has implicit confidence. Certainly if the last promise is baleless, the Chinese government is part to one of the most barefaced deceptions practiced upon another nation, in the estimation of the state department.

The Chinese minister received a dispatch from Sheng, the director of railroads and telegraphs at Shanghai, stating that the foreign ministers are to be sent from Peking to Tien Tsen under escort; also that the imperial government has not only been protecting them, but has supplied them with food.

CORRESPONDENCE

Between President McKinley and Emperor of China.

Washington, July 24.—The correspondence between the president of the United States and the emperor of China was made public by the state department.

Translation of cablegram received by Minister Wu on July 20, 1900, from the Taotai of Shanghai, dated July 19, 1900, follows:

"Have received a telegram from Governor Yuan (of Shan Tung, dated 23d day of this moon (July 19), who, having received from the privy council (at Peking) a dispatch embodying an imperial letter to the president of the United States, has instructed me to transmit it to your excellency. The imperial message is respectfully transmitted as follows:

"To His Excellency, the President of the United States:

"Greeting—China has long maintained friendly relations with the United States and is deeply conscious that the object of the United States is international commerce. Neither country entertains the least suspicion or distrust toward the other. Recent outbreaks of mutual antipathy between the people and Christian missions caused the foreign powers to view with suspicion the position of the imperial government as favorable to the people and prejudicial to the missions, with the result that the Taku forts were attacked and captured. Consequently

there has been clashing of forces with calamitous consequences. Situation has become more and more serious and critical. We have just received a telegraphic memorial from our envoy, Wu Ting Fang, and it is highly gratifying to us to learn that the United States government having in view the friendly relations between the two countries, has taken a deep interest in the present situation. Now, China, driven by the irresistible course of events, has unfortunately incurred well nigh universal indignation. For settling the present difficulty, China places special reliance in the United States. We address this message to your excellency in all sincerity and candor with the hope that your excellency will devise measures and take the initiative in bringing about a concert of the powers for the restoration of the order and peace. The favor of a kind reply is earnestly requested and awaited with the greatest anxiety.

"KWANG-SU, "26th year, sixth moon, 23d day (July 19.)"

"It is therefore my duty to transmit the above with the request that your excellency in respectful obedience of imperial wishes, will deliver the same to its high destination and favor me with a reply. LIU TIEN YUEN, "Taotai at Shanghai.

"Kwang-Su, 26th year, sixth moon, 23d day (July 19, 1900.)"

This cablegram was at once communicated to the president at Canton, O., and the following is his reply:

"To the Emperor of China, Greeting: "I have received your majesty's message of the 19th of July, and am glad to know that your majesty recognizes the fact that the government and people of the United States desire of China nothing but what is just and equitable. The purpose for which we landed troops in China was the rescue of our legation from grave danger, and the protection of the lives and property of Americans who were sojourning in China in the enjoyment of rights guaranteed them by treaty and by international law. The same purposes are publicly declared by all the powers which have landed military forces in your majesty's empire.

"I am to infer from your majesty's letter that the malefactors who have disturbed the peace of China, who have murdered the minister of Germany, and a member of the Japanese legation and who now hold besieged in Peking those foreign diplomats who still survive, have not only not received any favor or encouragement from your majesty, but are actually in rebellion to the imperial authority. If this be the case, I most solemnly urge your majesty's government to give public assurance whether the foreign ministers are alive, and if so, in what condition.

"Second—To put the diplomatic representatives of the powers in immediate and free communication with their respective governments and to remove all danger to their lives and liberty.

"Third—To place the imperial authorities of China in communication with the relief expedition so that co-operation may be secured between them for the liberation of the legation, the protection of foreigners and the restoration of order.

"If these objects are accomplished it is the belief of this government that no obstacles will be found to exist on the part of the powers to an amicable settlement of all the questions arising out of the recent troubles and the friendly good offices of this government will, with the assent of the powers, be cheerfully placed at your majesty's disposition, for that purpose.

"WILLIAM McKINLEY.

Held as Hostages.

London, July 24.—One month to the day has elapsed since Robert Hart, director of the Chinese maritime customs, smuggled out of Peking the last piece of news that appeals authoritatively to Europe and apparently the only method by which the Chinese court can vindicate its veracity here is to transmit another autograph message from some equally authoritative source. Admittedly the Tsung Li Yamen (Chinese foreign office) possesses facilities to set all doubts at rest. Li Hung Chang's reported statement to the effect that while the foreigners are alive, they would be killed immediately if the allied forces neared Peking, is regarded by those who credit the reported survival of the foreign ministers as an indication that the latter are held as hostages and that their lives will be made the subject of negotiations by the Chinese. Hence Li Hung Chang's anxiety to keep the powers from Peking as long as possible.

ARE SHOT BY NEGROES.

Members of the New Orleans Police Force Are Laid Low.

THOUSANDS OF PEOPLE WITH GUNS

Surround a Building In Which One of the Murderers Takes Refuge, Awaiting an Opportunity to Kill Him at Sight.

New Orleans, July 24.—Police Captain John T. Day and Policeman Peter J. Lamb are dead and Policeman August T. Mora is in the hospital suffering from three wounds, one of which is very severe, the result of an encounter with two desperate negroes, Leonard Pierce and Robert Charles.

Sergeant Jules C. Aucoin and Patrolmen Cantrelle and Mora attempted to arrest Pierce and Charles at 11:30 p. m., while they were seated on a doorstep on Dryades street, between Washington and Sixth. When the officers approached the negroes they made an impertinent answer.

They suddenly jumped up with drawn pistols and Charles fired at Mora and Cantrelle and Pierce directed his bullets at Aucoin. The officers returned the fire. Mora was shot in the right thigh just below the hip, on the index finger of the right hand and in his left hand. Mora fell to the sidewalk and Cantrelle continued to shoot at Charles and the latter fled, leaving a trail of blood. Aucoin fired twice at Pierce. The negro fired an equal number of shots at Aucoin. He finally surrendered.

Charles was tracked to General Taylor and Barronne streets, where all traces of him were lost.

Captain Day, Sergeant Aucoin, Corporals Perrier and Trenchard and Patrolman Lamb, and several other officers went to the alley of a house in which the negro was said to be hiding and knocked at a door. Charles burst out of the door of the fourth room and opened fire on the policemen. The first shot wounded Captain Day. Soon Lamb fell mortally wounded. Trenchard and Aucoin retreated.

Charles then fired several shots into the body of Day. Aucoin and Trenchard waited in a side room in the hope of getting a shot at the negro, but he did not expose himself and finally he disappeared somewhere in the block and all efforts to locate him were futile, though there were fully a hundred policemen and many citizens, armed with revolvers and shotguns and rifles, searching for the murderer.

The shooting has created a tremendous sensation and 20,000 people are congregated in the vicinity.

Trainmen Killed.

La Crosse, Wis., July 24.—The Chicago, Milwaukee and St. Paul passenger train No. 2 was wrecked about 5 a. m. at King's Cooles, near Wabasha, Minn., by running into a landslide at that place. Engineer Hathaway and Fireman Thomas were instantly killed and several passengers who were in the forward coaches were injured, some seriously. The track runs between high bluffs and the Mississippi river between St. Paul and La Crosse and the heavy rains loosened a vast amount of earth on a steep bluff, which gave way shortly before the train came along. Trains that had passed there a short time before reported no trouble except a soft track.

Deutschland at Plymouth.

London, July 24.—The New Hamburg-American line steamer Deutschland, Captain Albers, from New York, arrived at Plymouth on her maiden trip eastward, making a record run of five days 14 hours and six minutes despite two days of fog. Her biggest day's run was made on July 19 (her second day out), when 536 miles was logged. The Plymouth record eastward has been held by the Kaiser Wilhelm der Grosse, made on her first trip in October, 1897. It was 5 days 15 hours and 10 minutes over a distance of 2,962 knots at an average speed of 21.91, and the best day's run being 519 knots.

Bed of Oil.

San Diego, Cal., July 24.—There is much excitement among the miners in the eastern part of the county and the residents of Yuma over the discovery of what is believed to be a bed of oil in the pot holes district of the Colorado river, about 15 miles north of Yuma. A rush was made for the scene of the discovery and a scramble for land within the belt became so exciting that some of the first locators were compelled to use rifles in protection of their rights.

Chillicothe, July 24.—Richard Gardner was sentenced to be electrocuted on November 9. His motion for a writ of habeas corpus was overruled.

DEFENSES M.T.O.N.

To Have the Court Find Mr. Jester Not Guilty Is Overruled.

New London, Mo., July 24.—The state rested its case in the trial of Alexander Jester for the murder of Gilbert Gates and the chief counsel for the defendant, petitioned the court to instruct the jury that under the evidence and indictment in the case the defendant be found not guilty.

The action was promptly overruled and the case must be continued.

Captain Julius Dunn, 70 years old, residing near Moberly, Mo., took the stand and gave the closing testimony for the state.

After the state had closed, Alexander Jester made the following statement: "Now that the state has closed I want to say that I have no ill feeling to any witness that has testified against me, not even old Mr. Gates. I have been persecuted by the Pinkerton detectives and John W. Gates' money, but I expect to come out on top and live the rest of my days in peace, also die in peace. I have heard some remarkable mistatements from the witness stand and am surprised at some of my relatives who have testified against me, but I still say I have no hard feelings against any one. I am feeling in good spirits, but my health is not good."

The Bone of Contention.

Fort Scott, Kan., July 24.—Before the Democratic, Populist and Silver Republican conventions were called to order the question of fusion had resolved itself down to a fight for and against David Martin for assistant justice. The Populists insisted that he would be nominated, although this office, by the terms of the Topeka agreement, should go to the Democrats and the Democrats was as firm in declaring that the agreement should be lived up to. The Democrats are inexorable and say if the agreement is broken there will be no fusion. The Populists, though they demand Martin, say there is no question of fusion.

Three Persons Killed.

Mattoon, Ill., July 24.—Three persons and a team of horses were killed at the Broadway crossing of the Illinois Central railroad in this city. Thomas Bartles was driving a cab and William Walsey was in the seat with him. Mrs. E. M. Waller, a nurse, summoned to attend a patient, was in the cab. A light engine was backing through the city at a rapid speed, when it struck the cab, mangleing the bodies of the two men and injuring Mrs. Walder so seriously that she died within two hours.

Death of Miss Landis.

Lancaster, Pa., July 24.—Miss Susan H. Landis, of Ephrata, who recovered speech a week ago after a silence of nearly six years, is dead. Miss Landis' case was one of the most remarkable in medical annals. About eight years ago, she was taken sick with an affection of the spine. In January, 1894, she lost her power of speech and the efforts of physicians failed to restore it. She startled her family about ten days ago by calling for her sister, the first words she had uttered in six years.

Left For Orient.

Washington, July 24.—Four troops of cavalry, all that remained at Fort Meyer, have left for the far east with instructions to stop at Nagasaki for orders. They are troops B and G of the Third cavalry and troops H and I of the Third, which left here Monday evening. The four troops muster 400 men and are commanded by Major Kingsbury.

Cargo of Army Mules.

New York, July 24.—The steamer Mexico arrived from Havana, having among her passengers 24 United States teamsters who have in charge 195 mules for the army. The mules are stowed between decks on the Mexico.

Lost Their Lives.

Tacoma, Wash., July 24.—Late advices from Dawson give the details of another tragedy, four out of a party of five, losing their lives as the result of the terrible trip taken to the headwaters of the Stuart river.

Engineers For China.

West Point, July 24.—Company E, battalion of engineers, in command of First Lieutenant Cavanaugh, left here for duty in China. They will embark on a transport leaving San Francisco about August 1.

New Incorporations.

Columbus, O., July 24.—The Hettrick Bros Co., Toledo, O., \$50,000; the Sheareth Jacob Congregation, Cleveland; the Garity Foundry Co., Cleveland, increase from \$50,000 to \$100,000.

Ventura, Cal., July 24.—News comes from the eastern part of this county of the drowning of five persons in Wiley's lake. The dead are: Mrs. Byron Wiley, 40; Wiley, daughter of Mrs. Wiley; Miss Foshun, 19; — Broderick, unknown boy.

IT'S TIME TO GET GUNS

A Kentucky Editor Testifies About an Order He Overheard.

CIPHER TELEGRAMS ARE DESIRED.

Permission Given the Prosecution to Have Managers of Telegraph Offices at Frankfort Produce all Secret Messages.

Georgetown, Ky., July 24.—The prosecution in the Powers case asked for and was awarded a subpoena duces tecum against managers of both telegraph offices at Frankfort, requiring them to bring into court all cipher telegrams sent through their offices between the dates Dec. 22 and Feb. 5. Also a subpoena against both the secretary of state and the adjutant general, requiring them to bring the executive journal and other records.

Editor Pat MacDonald, of Frankfort, testified that on January 30 a few minutes prior to the shooting he saw W. H. Culton and another party whom he thought was State Inspector Lester, standing at the point where Goebel fell shortly afterwards. On Saturday, prior to the assassination, witness saw a man run down the steps from the legislative halls and calling to a crowd of mountain men said: "Go and get your guns, its time for the shooting to begin." Representative Berry (Republican), had just been unseated. Witness did not know the man who was talking.

Ed Porter Thompson, jr., was standing on the street nearly opposite the executive building when the shot was fired, and saw Goebel fall. The shots sounded to the witness as if they were fired from the executive building or between the executive and legislative buildings.

Frank Heeney, a Frankfort merchant, whose store is on Broadway, opposite the state house yard, heard the shots and ran to his front door and saw Goebel's body on the pavement. Did not see either Jack Chinn or Eph Lillard.

Policeman Fined.

St. Louis, July 24.—Policeman John J. Bridwell, of the First district, has been tried and fined \$50 by Judge Clark in the court of criminal correction under an indictment, charging malicious oppression in office. Captain Samuel J. Boyd, of the same district, has been arraigned for trial under an indictment, charging him with oppression which grew out of the same case. Both cases grew out of the arrest and detention of Mrs. Annie Buckley, wife of a member of the posse committatus. The state's testimony was that Mrs. Buckley's only fault was riding on the cars of the St. Louis Transit company June 17, and that she was followed about by a member of the posse committatus, who carried a riot gun to protect her.

Gompers on the Strike.

St. Louis, July 24.—Samuel Gompers, president, and James O'Connell, vice president of the American Federation of Labor, have held a conference with local labor leaders for the purpose of fixing the responsibility for the breaking of the agreement of July 2, which led to the second street railway strike declaration. Mr. Gompers refused to talk about the proceeds of the conference. Regarding the strike situation he said: "I have come here with the hope that I and my colleague, Mr. O'Connell, may bring about an adjustment of the differences between the company and the union. The first thing is to fix the responsibility for the violation of the agreement of July 2 and then I shall endeavor to bring about a settlement."

McKinley's Callers Increasing.

Canton, O., July 24.—The McKinley callers are increasing at a lively rate and are coming from all quarters. Scarcely a moment passes from early morning until late at night but that one or more may be seen on the porch awaiting an audience. Those who come to pay their respects are still in the majority but those who come for favors are a growing number. Hon. D. K. Watson, former attorney general of Ohio, now a member of the federal commission for the codification of civil laws, brought his son, James, here for a social call on the president. Ohio state officials, Republican candidates and members of the Republican committee, headed by Governor Nash and General Dick, are coming Saturday to pay their respects.

Troops arrived too late at Huntsville, Ala., to save Elijah Clark, negro, who assaulted a white girl.

THE JULY CLEARANCE SALE!

We announce to-day the opening of a grand Clearance Sale. It begins to-day and will last until the store closes NEXT SATURDAY NIGHT, JULY 28.

THE REASON! While we believe our patrons require little explanation of its principles or elaboration of its advantages, as a matter of such real importance, being the most comprehensive sale we ever had, it deserves serious attention. It is in such movements as this that certain characteristic Hunt principles find their best expression. It is in such powerful economical movements a store comes nearest its full duty to its public. It is good store keeping to lessen stock in July. We inaugurate this sale because our departments are full and we would rather have sales without profits than endure the business stagnation of July and feel further crowded when fall goods arrive.

THE QUALITY! Bluster and brag can perform wonders of deception. There is a prevalent and pernicious "Clearance Sale" which deludes the public into material financial loss. All things of the sort we abhor. We cannot say anything stronger of the qualities you will find here than that they are as far removed from all pestilential trash as the East is from the West. Only good goods, but cheaper than you have ever seen them.

THE ECONOMY! There is not an article priced in this ad that is not marked at cost—many are below. Detail is necessarily last in so large a summary—it would take this page to catalogue the collection—we can only hope these hints and suggestions will stimulate your interest. If you want to save money—come and come early.

At these prices no credit can be given. All sales strictly cash.

**Showers and cooler to-day.
Generally fair Thursday.**

REPUBLICAN editors are falling over each other in their efforts to help boost the Hanna-Payne ship subsidy grab of millions of the people's money.

It is doubtful whether there is a trust in existence to-day that is not engaged in plundering the people right and left. A vote for Boss Hanna's ticket is a vote to continue this extortion.

In one year the rubber trust increased the price of rubber from 94 cents to \$1.45. But Republican editors have the supreme effrontery to tell you the combines reduce prices to consumers.

"That cad Astor" is the way they refer to Willie Waldron now in London. Astor has apologized to Capt. Milne, but it is doubtful whether his money will save him from expulsion from English society.

It is not at all surprising that the editor of the Ledger and other Republicans are pouring out their abuse and venom daily on Tom Campbell. They know his shrewdness and cunning will disclose, if possible, the details of the dastardly plot leading to the cowardly assassination of Gov. Goebel.

THE evidence so far offered in the trial of Caleb Powers, especially that of Ricketts, a Republican member of the Barbourville company of State Guards, leaves but little doubt that Powers' pal Mr. Youtsey knows who fired the shot that killed Gov. Goebel; not only that but all the details of the dastardly plot. Here are a couple of paragraphs from Ricketts' testimony:

"He (Youtsey) and I had been talking about bird hunting and then got onto the subject of the contest. Youtsey said: 'The only way to settle this matter is to put Goebel out of the way. I've got \$100 to do it with and I know ten or twelve others who feel just as I do. It can be done from the Executive building, and the man who does it can get out through the basement.'"

"Youtsey came over to the Agricultural office and said he wanted twenty or thirty men to go to the Executive building. I went with some men from Knox, Harlan and Whitley counties. Youtsey stationed us at the foot of the stairway in the Executive building and told us to stay right there; that 'something was going to happen.'"

Shortly after the men were stationed as just detailed, something did "happen,"—Governor Goebel was basely assassinated, and the shot was fired from the Executive building.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.

KENTUCKY CROPS.

Weekly Bulletin of the Weather Bureau as to the Outlook in This State—Corn and Tobacco Promising.

The temperature averaged a little above the normal and local showers visited nearly all parts of the State. These conditions were very favorable for the advancement of all growing crops. Corn advanced rapidly and is now looking very promising; it is laid by and is generally in silk and tassel.

Tobacco has improved and in the central and eastern portions of the State is very fine; in the western portion it is uneven, many fields having been permanently injured by the excessive rains in June. There is some complaint of "frenching" in the western, and worms are somewhat troublesome in the central portion.

Harvesting oats has progressed somewhat slowly, but an excellent crop is being secured.

The showery conditions interfered with wheat threshing, but the reports show that in yield and quality the crop is much better than was expected.

Apples are dropping badly and are inferior in quality, but nearly all other fruits are quite fine.

Gardens are in good condition. Irish potatoes are exceptionally fine and sweet potatoes are promising.

The hay crop over the State, as a whole, is rather poor. Pastures are improving.

Could Not Bunco This Kentuckian.

NEW YORK, N. Y., July 23.—Col. Lynn, a banker of Bethel, Ky., was in the Stevens House from Wednesday until Saturday of last week. A bunco man struck the Colonel's acquaintance near Bowling Green Park and asked him to drink. He cordially accepted. They visited several saloons. Finally Col. Lynn said:

"You've been trying to bunco me, but you're up against the wrong sort. Good day!"

THOS. H. GRAY of Fleming was in Mason county recently ascertaining as near as possible for the Continental Tobacco Co., the acreage, condition, etc., of the tobacco crop in this section of the State.

WHAT?

WHITE, JUDD & CO. SELLING OUT! I CAN'T BELIEVE IT.

It's true all the same. G. S. Judd sold out to Mr. White and went West. J. F. Martin then sold out to Mr. White and now Mr. White sees that he cannot see well enough to conduct the business, so he has decided to close out his large and elegant stock of Furniture at cost. IF YOU NEED ANYTHING IN THE FURNITURE LINE NOW IS THE TIME TO SECURE IT CHEAP.

And if you don't need it just now it will pay you to buy at the cut prices for future use. Come and look through our stock and be convinced.

C. H. WHITE.

Mr. White went to Cincinnati a few days ago to have his eyes operated on, but his physician concluded it was not advisable at present, so he has decided to sell out and quit business.

He will sell any or all the houses he owns in Maysville—some at cost and some below cost, and on from one to five years' time, deferred payments to bear 5 per cent. interest.

FIREMEN REMEMBERED.

The James H. Hall Plow Company Sends Each Fire Company a Check for Fifty Dollars.

The James H. Hall Plow Company has sent each of the four fire companies of this city a check for fifty dollars as a recognition of their prompt and efficient services rendered in extinguishing the fire which occurred in the company's factory January 22nd, 1900.

This is certainly a handsome recognition of the services of the firemen.

The members of the plow company are among Maysville's most liberal and most public spirited citizens.

It is hardly necessary to add that the members of the various fire companies appreciate to the fullest this unexpected and generous recognition of their work.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. GERMANTOWN.

Mrs. William Cribfield is not expected to live. Born, to the wife of George Henson, a fine son, July 18th.

Much illness prevails among the infants of the town and community.

Mrs. Neppie Pollock entertained a number of her relatives Friday at dinner.

Mrs. Rachel Luman, of Tollesboro, is the guest of her daughter, Mrs. B. D. Pollitt.

Miss Susie Sublette, State Secretary of the C. W. B. M., succeeded in organizing a society at this place. God speed the good work.

Forty persons enjoyed the bountiful spread at Mrs. Kabler's one day last week, the occasion being a surprise to her on her birthday.

Everybody bear in mind the exercises at the M. E. Church, South conducted by Mrs. M. A. Eden the fifth Sunday morning and night.

Mrs. Etna Adams, of Newport, was called here last week on account of the critical illness of her brother, Mr. Mitchell, who has since died.

A protracted meeting will begin at the Christian Church on Aug. 1st. Everybody cordially welcome, and the members of the church are especially urged to attend. We hope this may be indeed a revival of religion, of which all churches may have a goodly share.

EAST LIMESTONE.

W. H. Tully, of Sioux City, Iowa, spent a few days recently with the family of his uncle, Rich. C. Williams.

Bud Sweet threshed 5.0 bushels of wheat from the fair ground field. He has also completed the remaining crops in this neighborhood.

Frankie, little son of Mr. H. E. Little, fell from a high chair recently and dislocated his right elbow joint. Dr. Smoot, of Maysville, dressed the injury.

Weede Breeze, while driving in a pond on the farm of John Power to secure a load of water, had one of his horses to mire, and it was with much difficulty that several men extricated it from its dangerous position and prevented it from losing its life.

Quite a number from here attended the dedication of the new church at Plumville Sunday week. The debt, amounting to the small amount of \$50, was liquidated by the audience, after which the dedicatory sermon was delivered by Rev. Riley of Ripley, and the consecratory ceremony by Rev. Bowman, the pastor. This cozy little church, though not grand or ostentatious, reflects credit on the community. Many visitors were present, who were cordially entertained with dinner on the grounds. Many entertained at their homes. Our item is not complete without speaking of the little Miss Florence Fannen, seven years old, whose childish voice rang out clear and sweet as she sang a beautiful song adapted to the innocence of childhood, while her fingers deftly ran over the notes of the organ in perfect accord. Silence as quiet as the grave signified the interest of all and every eye was turned on the little singer.

Of the market reports. Especially eager are they just now to keep posted on the WHEAT quotations. Most city folks don't care a fig whether "wheat's a bushel or corn's a peck." Not so, however, with the agriculturist. To him the daily market fluctuations are of more importance than the greatest game of base ball ever played. That which interests the farmer also becomes of much moment with us. Our interests are identical. Upon his success depends ours. Therefore, while the crop is being moved, we have arranged to publish, daily, the latest Cincinnati wheat quotations, for the benefit of our country friends. The corrected figures will appear in this space each day and will be obtained from a reliable source. Farmers may depend upon them being correct.

Incidentally we may mention that while in town with your wheat it would be a good idea to have your wagon driven around to our place and load up with whatever you may need in our line.
